ENFORCE THE QUARANTINE.

Maryville has been closed five weeks in an effort to check the influenza epidemic. Quarantine orders have been issued but have not been enforced and the situation today has called for a tightening of the lid. Maryville will be able to check the influenza whenever the physicians and members of the health board make the health rules effective.

When physicians report every case of contagious disease to the city physician.

When the health board orders a strict quarantine, including putting up a sign, at every house where a case is confined.

A strict quarantine means that persons who come in contact with patients having the disease be required to remain away from others and NOT appear on the streets.

The regulations provide that not more than twenty persons may gather at one time in any one place. No effort has been made to enforce this rule.

The means of prevention are simple and effective.

Results will be apparent when they are enforced. Not before.

WITH VICTORY BOYS AND GIRLS

\$360 Has Been Reported by Maryville Workers.—Some Ways in Which Children Can Earn Money.

The Victory Boys and Girls are doing great work in aiding the United War Work Fund drive this week and reports from Maryville today show a total of \$360 contributed. St. Mary's parish with a quota of \$115 has gone over the top as has St. Patrick's parish with their quota of \$120. A report from Mozingo Valley school shows seven pledges amounting to \$26 paid. With the school closed and the teacher away Doyle Moore has been appointed captain in charge of the work of this school district.

Gathered from reports of their activities in many parts of the country, are some of the ways in which boys have busied themselves to earn the required \$5: Digging gardens, planting bulbs, sawing and cutting wood, raising pigs and squabs, beating carpets and rugs, varnishing chairs, mowing and raking lawns and cleaning yards, waxing floors, painting and putting away screens, sifting and dumping ashes, washing windows, cleaning cellars, barns and attics, decorating show windows, making needed household articles, etc., etc.

"Some of the ways in which girls can earn \$5: Caring for children, washing dishes, cleaning silver, knitting, making simple garments for sale, Saturday work in stores, sale of Christmas cards, canning and preserving, sale of butter, eggs, poultry and vegetables, mending, running errands, typewriting, tutoring, self denial fund from allowances.

ENVIALE RED CROSS RECORD

Col. M. P. Gross Auctioneer Has Raised \$250,000 Since January 1.

Col. M. P. Gross, well known auctioneer of Kansas City, who cried the F. C. Barber & Son Shorthorn sale yesterday, has a record as a Red Cross worker of which he is proud. Gross has raised \$250,085 for the Red Cross since January 1, the sum having been given by buyers at stock sales. Col. Gross makes it a rule to make an address at the close or previous to every sale, asking for funds. In addition he has given twenty-five per cent of his salary to the Red Cross. He receives \$100 a day and averages five sales a week.

Angus to Kansas City.

C. D. & E. F. Caldwell of Burlington Junction, sent their herd of Aberdeen-Angus cattle to Kansas City this week, where they will be shown at the American Royal Live Stock Show. This herd is the best ever exhibited by Caldwell's, winning the bulk of premiums this season wherever shown. The herd will finish the circuit at the International in Chicago. It is in charge of that veteran herdsman, Bob Johnson, and four assistants.

Mr. and Mrs. W. F. Burris received word today from their son, R. E. Burris, with the 421st Telegraph Battalion, American Expeditionary Forces, of his safe arrival overseas.

TIGHTEN 'FLU' LID

ALL STORES ORDERED TO CLOSE
AT 7 O'CLOCK

TAKE DRASTIC MEANS

Following Meeting of Health Board
Last Night, Notice Is Given Strict
Observance Must Be Had.

With a number of new cases of influenza being reported in the past twenty-four hours the closing lid is again tightened down in a further effort to check the epidemic. Following a meeting of members of the health board and physicians last night it was decided to try more drastic methods and until next Thursday night the closing order will be enforced in every line of business, all stores to close at seven o'clock.

The health board gives notice to physicians and others of the need for stricter observance of quarantine regulations and will require report of every case of contagious disease in the city. The city physician will be required to carry out the quarantine regulations regarding persons coming in contact with the disease appearing on the streets and with keeping persons from entering houses where there are influenza patients.

Pool halls have been ordered closed, together with all other places where crowds are wont to congregate. The ban will continue in force for the schools, churches, picture shows.

It was the order of the board that the ban remain on until next Thursday night. Should there be an improvement in conditions, however, before that time, and it being deemed safe, the ban will be lifted.

The notice of the health board governing the influenza quarantine will be found in another column in this issue of the Democrat-Forum.

EX-KAISER TO SETTLE DOWN

Will Buy a Farm in Holland.—Thinks the Climate There Will Be Healthful.—Makes Statement.

London, Nov. 15.—Holland will permit William Hohenzollern to remain on Dutch soil on the same terms of internment as other high officers of the German army. He has taken the name of Count William Hohenzollern and is expected to buy an estate and remain in Holland according to an Amsterdam dispatch to the Exchange Telegraph company.

The Telegraaf of Amsterdam says that he was allowed to take only his personal property from his train, the non-personal property which was brot to Holland being confiscated as is usual in internment cases. Recent dispatches have stated that the former emperor had taken a carload of archives with him into Holland.

A published statement which the former German emperor wishes to be regarded as his reason for going to Holland, says that the journey was not a flight, according to an Amsterdam dispatch to the Daily Telegraph. His departure from Germany was actuated by a desire to facilitate the work of the new government by ridding it of any embarrassment his presence in Germany might cause. Such an attempt to make him the center of a royalist agitation.

NO 4-LB. SUGAR RULE HERE YET

New Regulations Do Not Affect Missouri, But Modifications Are Expected.

Modification of the stringent sugar rules may be expected from now on, it was announced today at the office of F. P. Robinson, county food administrator. The domestic consumers, restaurants and hotels will be kept at present on the three pounds a month basis. A survey of the supply throughout the state must be made before the individual allowance is increased to four pounds a month or more, it was said. An increase may be expected soon, however, when the supply on hand warrants. The federal administration increased yesterday the allowance of sugar to domestic consumers in sugar-producing territory, but this order is not construed by the local administration to include Missouri.

Hopkins Visitor Here.

Miss Sara McMaster of Hopkins, came to Maryville last night to spend the night. She is the daughter of Mr. and Mrs. W. F. Burris.

DIED WITH APPENDICITIS

Funeral Services for Francis Matheny To Be Held at Barnard Methodist Church This Afternoon.

Funeral services for Francis O. Matheny, a son of Mr. and Mrs. O. C. Matheny of Barnard, who died at 4 o'clock yesterday morning at a hospital in St. Joseph, were held at the Methodist church, North, of Barnard, at 2:30 o'clock this afternoon. The services were conducted by the pastor the Rev. Arthur S. Olson.

Francis was 15 years old. He had been ill with appendicitis for several weeks and during that time had undergone two operations.

TWO MORE PLEDGES

St. Patrick's Victory Girls Add Names To War Relief Pledge.

The Victory Girls of St. Patrick's parish, who have gone over the top with their pledges to the United War Workers Fund, have added two more names to the list. They are Miss Golda Pope and Miss Florence Farrell. There are twenty-five in the list with Miss Bertha Tobin, captain.

WE'LL REACH GOAL

BUT THOSE WHO HAVE NOT BEEN SEEN MUST DO THEIR PART

NODAWAY ONE OF FIRST

District and County Workers Are Anxious to Put This County at the Top of the List Next Monday.

From reports received by S. G. Gilliam, district chairman, from C. E. Donlin, county chairman of Nodaway county, and from all of the chairmen of the townships of the county, it seems that the county will reach the goal set in the United War Work drive. This is assuming that the people who have not yet been seen will do their part, and that some who have contributed under the impression that a smaller sum was all that was needed from them, will raise their contribution to the necessary amount representing their fair part.

The influenza which has prevented public gatherings and which has made it impossible to solicit a number of people throughout the county, has rendered the work much more difficult than it would have been otherwise, and has deprived the solicitors of some subscriptions which would have otherwise been made. The great majority of the people are responding in a manner which is every gratifying and pleasing to the solicitors and others in charge of the work, and it is felt that when the work is over, the people of Nodaway county will have reason to feel very proud of themselves.

District Chairman Gilliam was at the state headquarters in St. Louis yesterday and from information he received, he believes that Nodaway county is going to be one of the first, if not the first, to reach its goal, and he further believes that District No. One will be the first of the districts to subscribe its quota, although from reports at headquarters, the work is progressing very satisfactorily throughout most of the state.

HEALTH PROCLAMATION.

By order of the Board of Health of the city of Maryville, Missouri, all physicians or other persons treating or called or requested to prescribe for, examine or treat any person in said city of Maryville, who has, or that such physician or person has good reason to believe has or is affected with the disease called influenza or Spanish influenza in any stage, however light, shall immediately report the same to the Mayor of said city, giving name and residence of such person so affected and such other information in regard thereto as may be required by the Mayor, City Physician or Board of Health. All physicians or other person who shall examine, prescribe for or treat any person who has or who is suspected or having said disease of influenza shall immediately cause to be taken such steps as shall be sufficient to isolate such afflicted person and prevent the disease being communicated to any other person, and report the same to the Mayor of said City of Maryville. Any other or different precautions deemed necessary by the Mayor or City Physician of said City of Maryville, or Board of Health shall be taken by such physician or person prescribing for or treating such afflicted person.

No quarantine regulations shall be raised or taken off of any person or premises until a physician attending the afflicted person or persons shall report in writing to the Mayor of said City that all such persons have sufficiently recovered from said disease that such disease is no longer contagious, and not then until the City Physician of said City of Maryville shall so order or direct.

NO MORE QUESTIONNAIRES.

Draft Board Gets Order Regarding Registrants—to Classify 18-year-old Men.

Orders were received at the draft board today instructing that no more questionnaires be sent out until further notice. All questionnaires, except those to men in the eighteen year old class, must be returned unexecuted. All men in the 18-year-old class will be classified until the list is exhausted.

M. H. S. - SAVANNAH LINE UP

Maryville Goes Into the Game This Afternoon in Fairly Good Shape.—A Hot Game in Sight.

Despite the fact that the "flu" has hindered football practice to some extent the M. H. S. team is "rarin' to go" this afternoon in the game with Savannah. Two of the regulars, Campbell and Robinson will not be in the game, their places being filled by men who bid fair to hold them. The status of the team is at present better than it has been at any time during the season. A number of minor injuries have been overcome by strenuous practice and to see the fight put up by the Red and White team reminds one of real "Varsity" push. The thing the team needs most is support from the side lines. The old slogan is "everybody loves a winner," and only the real fan can love a loser. The percentage is still 1,000.

Following is the line-up for this afternoon's game: French and Williams, ends; Miller and Partridge, tackles; Holt and Boatman, guards; Houchins, center; Pierpoint, quarter; DeArmond and J. Price half backs; Foreman, full-back, with Campbell, Robinson, H. Price, Allan and Kirby impatiently waiting to go in.

BLUE STAR TURNS TO GOLD

Rolla Dix, Son of Mrs. Sarah Dix of Burlington Junction, Dies in Hospital in France.

Rolla Dix, a Nodaway county boy, died Oct. 14, with pneumonia in a hospital in France. Young Dix entered military service at Camp Dodge, Des Moines, Iowa, and was sent to France several months ago. He has a brother, John Dix, in active service in France. The deceased is the son of Mrs. Sarah Dix of Burlington Junction. Besides his mother and the brother in France, young Dix is survived by three other brothers, Alfred, Elmer and Ira, all living at Burlington Junction. Mrs. Dix received official word of her son's death yesterday.

ATTEND SHRINERS MEETING

Many From This City to Masonic Conclave in St. Joseph.

CARRYING OUT

ARMISTICE TERMS

FRENCH, BRITISH AND AMERICAN MISSIONS ARRIVE AT SPA TOMORROW.

BELGIAN TROOPS ARE ORDERED TO ANTWERP

Dutch Government Has Interned Ex-Kaiser in Amerongen Castle Under Triple Guard of Troops. American Airmen in Cologne.

London, Nov. 15.—French, British and American military missions will leave for Spa, the seat of the German army headquarters on November 16, said a French wireless dispatch today. The American mission will contain six officers and nineteen soldiers and will be headed by General Rhodes.

London, Nov. 15.—Belgian troops were ordered to march upon Antwerp this morning and to occupy the city, said a French wireless dispatch.

London, Nov. 15.—The German warship Koenigsberg with armistice delegates from the revolutionary faction aboard was met by British warships this afternoon and was escorted to a certain point at sea where Admiral Beatty of the British navy received the German delegates' proposals for carrying out the terms of the armistice.

Paris, Nov. 15.—When Marshal Foch enters Metz and Strassburg Sunday, he will take possession of the fortress in the name of the Allies. President Poincaré and Premier Clemenceau of France, together with ministers from other countries will be present.

London, Nov. 15.—General Debeny has complained that no information from the Germans about the location of explosives bearing time fuses has been received, although armistice conditions called for such information. An American airman landed at Cologne, Germany, said an Exchange Telegraph dispatch from Copenhagen today. Cologne is in the Rhine valley forty-eight miles east of the Belgium border and is an important railway center.

The Dutch government has interned the former German Kaiser at Amerongen castle which is under a triple guard of troops, said a dispatch from the Hague today to the Daily Mail.

Washington, Nov. 15.—"Watchful waiting, but well convinced that conditions will be satisfactory." That was the condition of the United States government today so far as officials were concerned. There were many outstanding possibilities, but they actually were only possibilities. President Wilson was well satisfied the conditions of the armistice would be carried out. While officials made it very plain that conditions of the armistice had been violated, but pointed out that the violations in no way meant that there would be any resumption of hostilities. This is due to the fact that the German high command has been unable to stamp out vandalism and outrages at a moment's notice.

Wilson Has Narrow Escape.

Washington, Nov. 15.—President Wilson had a narrow escape from death, or at least serious injury today when he stood directly in the path of a huge Handley-Page bombing airplane which was making a landing. The pilot, by quick and skillful maneuvering brot the plane up again and passed over the President's head, missing him by not more than eight feet.

Seek Marshall's Appointment.

Washington, Nov. 15.—A strong movement among Democratic senators to secure the appointment of Vice President Marshall on the American delegation to the peace conference developed today. Mr. Marshall has not been consulted, but if he is named by the President it is certain he would not decline to serve.

NEWS OF SOCIETY AND WOMEN'S CLUBS

Delightful Evening at Hawley Home.

Mr. and Mrs. Ben Hawley of Ravenwood entertained a large party of guests last night for the pleasure of their daughter, Sylvia. The evening was spent with games and music, and a delicious luncheon was served. Forty-five friends enjoyed the evening.

Welcome for Newly Weds.

Mr. and Mrs. Leslie R. Popham, whose marriage took place late in October at Troy, Kan., were given a welcome home shower last night at the home of the bride's parents, Mr. and Mrs. Marion Ripley, southwest of the city. The guests brought many shower gifts to the newly weds, and in addition, the entire company presented them a handsome chair as a wedding gift. Messrs. Leslie Popham and John Ripley furnished some delightful musical numbers. A two course supper was served and just before the guests departed, a large wedding cake was cut and served. The newly weds have been home a couple of weeks, but circumstances prevented their neighbors and friends from giving them a welcome until last night. Those in the party were Mr. and Mrs. Leslie Popham, Mr. and Mrs. Charles Warner and children, Wayne and Wilma, Mr. and Mrs. Chas. Crawford, Mr. and Mrs. Earl Baeus, Mr. and Mrs. Gordon Jones, Mr. and Mrs. Allen Neal, Mr. and Mrs. John Ripley, Mr. and Mrs. Marvin Kelley and children, Ira and Elizabeth, Mr. and Mrs. Emmett Bunby, Misses Ora Crawford, Birdie Popham, Leeta Ripley, Martha Ripley, Alma Ripley, Ida and Edna Thompson, Ella Baeus, Bathene Ripley and Martha Ellsworth, Roy and Frank McNeal, John Ripley, Lee Landers, Ralph Caywood, Orva and Ralph Ripley.

MODIFY FUEL RULES

LIGHTLESS NIGHTS ORDER SUSPENDED TILL FURTHER NOTICE

STILL SAVE, HOWEVER

State Fuel Administration Points Out Need for Continued Co-Operation for Conservation.

In a letter to county fuel boards, fuel inspectors and others Wallace Crossley, fuel administrator for Missouri, announces a modified action of the fuel and light regulations as follows:

"Effective Monday, Nov. 11, all restrictive rulings pertaining to lightless nights and all rulings relative to window and outdoor illumination have been suspended until further notice, in the State of Missouri. Local committees, mayors, managers of light plants, and others affected will please be governed accordingly.

"It is suggested, however, that there be no undue waste in lighting and I feel assured that the splendid co-operation heretofore extended by the public in conservation, and efficiency in fuel consumption will be continued. We cannot afford the slightest demoralization or tendency toward inefficiency which might confuse or delay the government in its constructive program following the war, or cause undue suffering to the general public, occasioned by a long drawn out or severe winter.

"Telegraphic advices from the Federal Fuel Administration at Washington, received today, state that our organization, including the local committees, must be maintained, as possible falling off in the production of coal will make the distribution and conservation program vitally necessary this winter, adding, 'that responsibility still rests upon every member of the Fuel Administration.'"

Curtis Lyle Here.

Curtis Lyle, who is in the aviation corps stationed at Fort Omaha, Nebr., arrived in Maryville last night to spend a few days furlough with his parents, Mr. and Mrs. Rankin Lyle and his sister, Mrs. M. J. Alderman.

Army officers traveling by airplane hereafter will receive an allowance of 4 cents a mile. Traveling by rail, an army officer is allowed usually 7 cents a mile.

STOMACH UPSET?

Get at the Real Cause—Take Dr. Edwards' Olive Tablets

That's what thousands of stomach sufferers are doing now. Instead of taking tonics, or trying to patch up a poor digestion, they are attacking the real cause of the ailment—clogged liver and disordered bowels.

Dr. Edwards' Olive Tablets arouse the liver in a soothing, healing way. When the liver and bowels are performing their natural functions, away goes indigestion and stomach troubles.

If you have a bad taste in your mouth, tongue coated, appetite poor, lazy, don't-care feeling, no ambition or energy, troubled with undigested foods, you should take Olive Tablets, the substitute for calomel.

Dr. Edwards' Olive Tablets are a purely vegetable compound mixed with olive oil. You will know them by their olive color. They do the work without griping, cramps or pain.

Take one or two at bedtime for quick relief, so you can eat what you like. At 10c and 25c per box. All druggists.

FARM LOANS

We can furnish you with money any time between now and March 1, 1919, at the present low rates provided we have your application and get its approval before any possible change is made in the rates.

Gives Second Bridge Tea.

Mrs. Neil Somerville gave the second of a series of informal bridge teas this afternoon when she entertained twelve guests. A similar number were entertained yesterday afternoon and the high score favor was won by Mrs. W. A. Rickenbrode.

Elmore-Howden.

Announcement has been made of the marriage of Miss Lucile Elmore, a daughter of Mr. and Mrs. F. P. Elmore of Topeka, Kan., to Rollo R. Howden, of Skidmore. The marriage took place Sept. 21, at Kansas City, and the ceremony was read by Dr. Powell, pastor of the Central Avenue church. Mrs. Howden had been a student of Kansas university, Lawrence, Kan., for the past two years. The groom is the son of Mr. and Mrs. William Howden of Skidmore. He is in his Junior year at the Kansas university and has been a member of the S. A. T. C. Last week with ten other men, Mr. Howden left for Camp Comfort, Va., where he was appointed to the officers' training

school for the coast artillery. His bride is with her parents at Topeka at present and will remain there until Mr. Howden's training course is finished or until they can choose a permanent residence.

Entertains in Honor of Son.

Mr. and Mrs. J. S. Horn entertained a number of the friends of their son, Loring, Wednesday night, to celebrate the young man's twenty-first birthday. The affair was arranged as a surprise and the evening was spent with music and games, the principal one of which was the making of a clip-shot book. Dean Partridge winning the prize. Those present were Mr. and Mrs. J. H. Neal, Mr. and Mrs. J. S. Horn, Misses Beattie Shrock, Bernice Shrock, Gladys Mae Horn, Ella Jane Horn, Mabel Irene Horn, Marie Horn, Esther and Pearl Neal and Louise Horn, Dean Partridge, Loring Horn, Harold Dowden, Harvey Dowden, Cleo Trusty, Gilbert Neal, Harold Neal and Irvin Horn.

What D. A. R. Is Doing for War Relief.

The charter of the Daughters of the American Revolution as a patriotic society was granted by act of incorporation by the 54th congress on Dec. 2, 1895, and as a society thus recognized they are required to report to the congress of the United States. Naturally one expects to find the 140,000 women which compose its membership

foremost in patriotic work for the nation. In April, 1917, being in session in Washington when the U. S. entered the war, the National Board of Management offered its services to the government.

Following are some of the war relief measures accomplished by the Daughters: During the first year they fitted with knitted garments all the men on more than 100 ocean-going war vessels; the D. A. R. in thirteen states have pledged themselves to furnish for the period of the war needed knitted garments to the crews of thirty-four battle ships; land owned by the D. A. R. in the City of Washington was given, free of all rent, for the use of the National Council of Defense, and they have finished sending thousands of bulletins containing war suggestions from other organizations. The Missouri Daughters, in addition to helping with all these activities, have given \$12,000 for the "Camp Mother" movement and contributed \$600 toward the restoration of the French village of Tilly. As an organization, they have purchased several hundred thousand dollars of Liberty bonds. The Maryville chapter has contributed to all of these war relief measures as well as helping in all Red Cross work, and they are justly proud of their record.

Gillams Entertaining Week End Guests.

Mr. and Mrs. S. G. Gillam are entertaining Mrs. J. W. Peterson and daughter, Miss Mildred Peterson of St. Joseph. Mr. Peterson will arrive tonight and join his family for a week end visit.

Cattersons Gave Dinner Party.

Mr. and Mrs. Hal Catterson gave a dinner last night at which their guests were Dr. and Mrs. Karl Malotte and children, Mary Donna and Graham, Dr. and Mrs. H. R. Juvenal, Mrs. Omar Catterson and Miriam Catterson.

Guests at Gex Country Home.

Mrs. Anderson Craig and her granddaughter, Mary Coe, and Miss Helen Burris are week end guests at the country home of Mr. and Mrs. R. B. Gex, southwest of the city.

Makes Gift to Missouri College.

The alumni of Park College, Parkville, Mo., of whom there are quite a number in Maryville will be interested in learning that the late Mrs. Margaret Olivia Sage, the widow of Russell Sage, made a bequest of \$100,000 to Park College. Ten other colleges are left bequests of \$700,000 each. Mrs. Sage

was a school teacher for a number of years and made many gifts to schools during her lifetime.

CALDWELL HERD AT ROYAL

Champions and Grand Champions Will Compete with Other Great Herds From Many States.

Missouri will be heavily represented at the American Royal Live Stock Show this year, especially in the Aberdeen-Angus breeding classes. One of the greatest herds of America is located in this state in C. D. and E. F. Caldwell's herd at Burlington Junction. At Kansas City they meet the best in America at the leading live stock show in the Southwest. These are the cattle that have such a war and peace record, winning 15 out of 16 carcass grand championships over all breeds at the International show at Chicago. They also won 13 out of 16 carlot fat grand championships, 11 out of 14 steer herd grand championships, and 10 out of 16 single steer grand championships over all breeds.

Another peace point, our Aberdeen-Angus breeders take pride in is that the world's record steer, Muskogee Boy, which sold for \$3.18 a pound for the Red Cross last March, was eaten by General Pershing and his staff last July just before the war tide turned and swept the Hohenzollerns out of a job. Naturally, the admirers of the "Doddies" claim that it was "Doddie" beef that put the "kick" into the Yanks when they turned the war around and started it back home.

Other great herds from Texas, Oklahoma, Kansas and Iowa will compete for honors at the big market city, though inter-breed competition is no longer the order of the day at the Royal. Hence, Shorthorn and Hereford breeders and feeders no longer fear the ranks of the Blacks at this show.

The fighting in the world war began with the invasion of Serbia by Austria. In western Europe it began with the unprovoked invasion of Belgium and France by Germany.

The total number of men who had registered for the American army up to the middle of October was 23,456,021. These figures do not include the registration for Porto Rico, Hawaii and Alaska.

The total of four liberty bond issues is nearly \$17,000,000,000. The total wealth of the United States is estimated at \$250,000,000,000. On this basis the war debt equals about 7 per cent of the total wealth.

Black American Fighters Toke Queer Ways to Win War

Paris, (Via London).—Perhaps you would like to hear some anecdotes of America's valiant negro fighters that are being told up and down the British, French and American fronts in Yank camps.

Here are a few of the latest: Sambo had landed in France with a frown on his face. When asked by his corporal why he was so quiet Sambo said:

"It's about dis heah war, dat's what I mean. Why should I be heah? I ain't got nothin' pussional against the Gheemans. I don't believe I evan talked with one in ma life. And I ain't no fightah. I never done no fighting, and I don't want to fight. What's moah, I tell you right heah and now I ain't to do no fighting. No sah, not this chicken, nevah."

"Dat's all right about you niggah," interrupted the corporal with a smile. "We's goin' to put you all up wheah they's fighting. Then and theah you can use your own discretion."

Two Alabama darkies happened to meet in a French town for the first time since they were drafted.

"Lok heah, man," demanded one, after the first exchange of compliments. "How you all come to be in fantry? You done nothin' in youah life but be a stable boy and know all about hosses. Why ain't you in the cavalry?"

"None of dat hoss stuff for mine. I done thought it all out," responded the other. "When they blows dat bugle for retreat, man I ain't goin' to be bothered with no fool hoss!"

A burly Texas black scrapper saw his first German in a camp of prisoners. He looked them over incredulously, with a look of great amazement shining out of his ebony face.

"You mean to tell me them measly boneheads is German?" he demanded. "Hand me a shovel man, an' let me in theah for two minutes!"

Elsie Janis, in her entertainments given before all the divisions on the British, French and American fronts, tells this story:

A black doughboy from Texas was going over the top for the first time. He saw his friends outfitting themselves variously for the scrap, so he put down his gun and reached into his kit for his razor.

"This done be ma best tool in peace time. We'll see now just how cute I am with it," he announced confidently.

Over the top he went and soon encountered a German, at whom he made one swift pass.

"Never touched me, nigger," said the German scornfully. "Is dat so? Is dat so?" grinned the Eaxan back of the razor. "You just try to move youah haid!"

At one of the training camps a black regiment was being given practice with hand grenades.

"At one," said the captain, "you will pull the pin out of the bomb. When I call two you will move your arm back to the throwing position. At three throw the grenade carefully toward the enemy position. Follow my directions exactly and you are all right, but always bear in mind that the bomb goes off in five seconds after the

lever is released."

So they lined up and threw their bombs, but one had burst over the suppositious enemy trench at the captain's call of two.

"The man who threw that bomb — step here at once," he ordered angrily.

A half-bashed darky fumbled up before the captain.

"What do you mean by throwing before I gave the command?" demanded the captain. "Well, it's like this, boss," stammered the darky. "You call me when the officer."

Then there is a story that "The Stars and Stripes" told in a recent issue about a negro transport at sea. One chocolate-colored Yank, who had never seen a larger body of water than a creek, was so depressed by the apparent size of the ocean that he refused to look at it after the fourth day out.

Suddenly he was called by a friend. "What you want?" he answered dutifully from his berth.

"Oh, there's a sailing ship goin' by. Come see the sailing ship."

"Look heah, nigger," come in more determined tones from the cabin. "I'm goin' to light into you with youah sailing boat and whales. You call me when you see a tree, as I done told you, and foh nothin' more. Understand?"

Mayor 18 Years—Resigns.

St. Clairsville, O., Nov. 15.—Simon B. Lanley has resigned as mayor of Miltonburg near here, after holding the office for eighteen years. He is 88 years old and thinks that he is getting a "little bit along in years to hold down a job."

Probably a record without parallel is that of Antonio Mango, a soldier of the Italian army, who has received no fewer than 101 wounds in the war.

Church authorities in Berlin bemoan the steady decrease in the number of worshippers. In four years nearly 12,000 persons, who could have remained if they wished, have withdrawn their memberships from both Protestant and Catholic churches.

No "Fourth Meal."

Patriots are not having fourth meals. Three meals a day are enough. A fourth meal uses some of the food that should be on its way across the Atlantic in cargo ships.—food that this country has pledged itself to send.

When the country pledges itself, that means you. One way to keep the pledge is to stay away from afternoon tea, when you have had a good lunch and expect to have a good dinner a few hours later at home.

Other fourth meals are late suppers, church suppers, and sometimes barbeques and club luncheons. When these meals take the place of the regular luncheon or dinner or supper there can be no objection to them as long as they follow the regulations of the Food Administration. In that case they are not a "fourth meal" but one of the three necessary daily meals.

If you belong to a club or church or society that is planning any kind of banquet or luncheon see to it that this meal is a third and not a fourth. The fourth is no more necessary than a fifth-wheel on a wagon.

Druggists Still Asked To Conserve Stocks of VapoRub Needed in "Flu" Districts

Influenza Epidemic Is Decreasing in Most Sections and the Demand Is Slackening, But We are Still 18,000 Gross Behind on Orders and It Will Take Some Time to Catch Up.

THREE MILLION JARS SHIPPED DURING OCTOBER.

On Monday, October 21, we addressed an advertisement to the wholesale and retail drug trade, advising that we were badly oversold, due to the influenza epidemic, stating that all deals and quantity shipments were postponed, and requesting that VapoRub be purchased in small lots only. This condition still prevails.

At this writing we have back orders for eighteen thousand (18,000) gross and our orders each day are double our daily output. The epidemic, however, is decreasing in most sections, the demand is slackening, and we are working night and day to catch up. In the meantime, we ask the trade to be patient with us.

ENORMOUS SHIPMENTS HAVE WIPED OUT EXCESS STOCKS.

On October 1 we had on hand at the factory and in twenty warehouses over the country a tremendous stock of VapoRub, accumulated during the summer months. This is now gone—we actually shipped during the month of October over three million jars of VapoRub. We are speeding up our factory as much as possible and the problem now is to distribute the factory's output as quickly as possible. We have, therefore, for the time being, abandoned freight shipments and are shipping either by Parcel Post or express—trying to give each jobber at least a little stock.

IMMEDIATE SHIPMENTS TO DRUGGISTS IN INFLUENZA DISTRICTS.

Preference is being given to those sections stricken by influenza. In order to reach these sections as quickly as can be, we are, during this emergency, making shipments by Parcel Post, direct, to the retail trade, of not more than three (3) dozen 30c size in any one shipment. We prefer that the jobbers order these shipments for their trade, but to save time we will, if the need is urgent, ship direct on receipt of check. Naturally, no new accounts can be opened during this rush.

SAMPLES AND INFLUENZA BOOKLETS FREE ON REQUEST.

We have prepared a little folder giving all the information available so far on Spanish Influenza—its origin—the symptoms and the treatment, and these will be forwarded to druggists on request. We will also be glad to mail

to any individual one of these booklets, together with a quarter ounce sample, free.

HOW TO USE VAPORUB IN TREATING SPANISH INFLUENZA.

In every case call a physician—VapoRub should be used only in connection with the physician's internal treatment.

Apply hot, wet cloths over the throat, chest and back between the shoulder blades to open the pores. Dry lightly and rub VapoRub well in until the skin is red—spread on thickly and cover with hot flannel cloths. Leave the bed-covering loose around the neck, as the body heat releases the ingredients in the form of vapors. These vapors, inhaled with each breath, stimulate the lining of the air passages to throw off the influenza germs. In case of head or chest cold, which often accompanies influenza, the vapors tend to keep the air passages open, loosen the phlegm and make the breathing easier. In addition, VapoRub is absorbed through and stimulates the skin, attracting the blood to the surface, and thus aids in relieving the congestion within.

HOW TO USE VICK'S VAPORUB AS A PREVENTIVE.

It is questionable if there is anything which will prevent Spanish influenza, except avoiding those persons who are spreading the disease by coughing, sneezing and spitting, and by keeping up the bodily resistance by plenty of good food and exercise in the open air. The Public Health Service recommends that the nasal passages be coated with a weak solution of Menthol in liquid petroleum as a protective. For this purpose VapoRub is excellent. Just put a small portion up each nostril from time to time during the day and sniff well back into the head.

KEEP FREE FROM COLDS BY INHALING VAPORUB.

Colds irritate the lining of the air passages and thus render them a much better breeding place for the germs. At the first signs of a cold use VapoRub at once. Melt a little in a spoon and inhale the vapors arising, or VapoRub can be used in a regular benzoin steam kettle, such as most druggists carry in stock. If this is not available, a very good substitute to use is an ordinary tea-kettle. Fill half full of boiling water—put in half a tea-spoon of VapoRub from time to time—keep the kettle slowly boiling and inhale the steam arising.

Don't Let Catarrh Drag You into Consumption

Avoid Its Dangerous Stage.

There is a more serious stage of Catarrh than the annoyance caused by the stopped-up air passages, and the hawking and spitting and other distasteful features.

The real danger comes from the tendency of the disease to continue its course downward until the lungs become affected, and then dreaded consumption is on your path. Your own experience has taught you that the disease cannot be cured by

sprays, inhalers, atomizers, jellies and other local applications.

S. S. S. has proven a most satisfactory remedy for Catarrh because it goes direct to its source, and removes the germs of the disease from the blood. Get a bottle from your druggist today, and begin the only logical treatment that gives real results. You can obtain special medical advice without charge by writing to Medical Director, 27 Swift Laboratory, Atlanta, Ga.

Tired Nervous Mothers

Should Profit by the Experience of These Two Women

Buffalo, N. Y.—"I am the mother of four children, and for nearly three years I suffered from a female trouble with pains in my back and side, and a general weakness. I had professional attendance most of that time but did not seem to get well. As a last resort I decided to try Lydia E. Pinkham's Vegetable Compound which I had seen advertised in the newspapers, and in two weeks noticed a marked improvement. I continued its use and am now free from pain and able to do all my household work."—Mrs. B. B. ZIELINSKA, 202 Weiss Street, Buffalo, N. Y.

Portland, Ind.—"I had a displacement and suffered so badly from it at times I could not be on my feet at all. I was all run down and so weak I could not do my housework, was nervous and could not lie down at night. I took treatments from a physician but they did not help me. My Aunt recommended Lydia E. Pinkham's Vegetable Compound. I tried it and now I am strong and well again and do my own work and I give Lydia E. SUFFERS SERIOUS BREAKDOWN.

"Two years ago I spent 3 months in hospital under stomach and bowel specialists for mucous colitis, auto intoxication, etc., which caused awful bloating and colic attacks. My friends gave me up. I returned home and on the advice of Mrs. Wright, a friend, tried Mayr's Wonderful Remedy with wonderful results. Am now in best of health." It is a simple, harmless preparation that removes the catarrhal mucous from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. Adv.

When hostilities ceased the total strength of the American army was 3,764,677. Of that number 2,200,000 had been sent to France, Italy or Russia. The remainder were under arms in camps in this country.

CONSUME LESS FOOD; CONSERVE IN EVERYTHING

CONSERVATION PROGRAM FOR
THIS YEAR IS DRIVE ON UNNECESSARY CONSUMPTION.

TASK STILL MORE DIFFICULT

General Reduction in Use of All Commodities Not So Easy as Conserving Particular Thing.

Use less of all food; save all along the line. That, briefly, is the conservation program of the Food Administration for the coming year.

Last year there were wheatless days and meatless days, but this year the people of this country will not be asked to stop eating any particular food. The program will be one of a drive on unnecessary consumption waste.

To those who want to be told exactly what they should eat and what they shouldn't eat it may appear somewhat nebular to say the Food Administration wants them to reduce all food consumption to the minimum point of public health and strength. But the Food Administration is confident that such a program will be carried out.

Return to Old Principles.

"A program of this kind is a return to many of the principles enunciated a year ago and which have been more or less lost sight of in the attempts to substitute in order to gain first one position after another," said F. B. Mumford, Federal Food Administrator for Missouri. "A year ago the Food Administration asked the American people to reduce all unnecessary consumption and waste. We preached the gospel of the clean plate. And that is the gospel we want to get over in every household in Missouri this year. If we can get it over it will have a better total result than any plan of substitutions to fill specific programs."

"Mr. Hoover believes the housewife has got to the point of education on food questions that will enable us to tell her to use her own judgment and get along with as little as she can. He believes she will show more pride and more national service in it if she is given a general job to do than if everything were laid out to her step by step."

"The Food Administration is not letting down in the food program. This should be understood distinctly. It is asking more than ever before. It is easy enough for people to keep a meatless day; it is not so easy for people to reduce their consumption of meat. And we are going to ask for the difficult service and not for the easy one."

It is Mr. Hoover's opinion that if every man, woman and child in the United States tests every action every day and every hour by the one touchstone—does this or that contribute to the war?—Germany can be beaten in the great Allied campaign of the summer of 1919. Before next summer there is no prospect of a proper ending of the war, he believes.

What Must Be Accomplished.

To attain victory and "bring this dreadful business to an end," the following must be accomplished:

More than 3,500,000 fighting men must be placed in Europe; we must supply the greatest mechanical equipment ever given an army; we must provide ships for our army and, to do this, cut down our imports of sugar, coffee and tropical fruits; and we must keep the Allied population in ample food by shipping this year 1,050,000 tons more meats, fats, dairy products, etc., than last year, 3,600,000 tons more breadstuffs, 330,000 tons more sugar and 750,000 tons more feed grain.

Even this program means further self-denial of the Allies next year. They are making this sacrifice in the common cause, Mr. Hoover said. We must maintain health and strength among them, he declares, or they will be unable to put their full strength alongside our own in the supreme effort.

Less Consumption and Waste.

"We must secure a reduction in the consumption and waste in the two great groups of breadstuffs and meats and fats—in all breads and cereals, beef, pork, poultry, dairy and vegetable oil. The average consumption of our people of breadstuffs amounts to about six pounds a week, and of meats and fats to four pounds a week for each person. A reduction of consumption to less than one-half pound a week a person in each of these two great groups of foods would accomplish our purpose. We wish to emphasize, however, that we do not want curtailment in the use of milk for children."

"This is not rationing, a thing we will never have if our people continue to support us as in the past. We are simply making an appeal to the intelligence in the homes of America to work out for themselves the means and manner of saving."

Apple Possibilities.

The United States Food Administration reminds us that every fall apple has its possibilities for winter desserts or relishes and that none should be allowed to waste. Here are some recipes from the Food Administration:

CANNED BAKED APPLES.

Wash and core good, sound, tart baking apples. Fill the cavities with 1 tablespoon of sirup or honey for each apple. Bake the apples until tender in a pan containing a little water. Pack the baked apples into hot sterile jars, add the juice remaining in the pan. Fill the jars completely with a sirup made up by boiling together for 2

minutes, water and sirup in the proportion of 1 cup of water and ½ cup sirup. Seal the can.

CHIPPED APPLES OR PEARS.

Hard fruit (apples or pears) 8 lbs., sugar, 1 pound (2 cups); sirup, 3 lbs. (4 cups); Ginger root or crystallized ginger, 1 ounce; 3 lemons, 2 quarts of water.

Wash and prepare fruit. Weigh after it is prepared. Add sugar to sirup and water. Add lemon juice and chopped rind and fruit. Cook slowly until the fruit is tender and product is thick and dark.

Public Notice

To any person that wants to make more money, come to Wyoming and buy you a farm where the crop in one year will pay for the land and where one acre put in potatoes will pay for five acres at the present price; where you and your family will be healthy and you are sure to prosper if you work and try like you have to in Missouri. Now I know what I am saying, as I lived here in good old Missouri for 18 years and always tried hard to get us a home, but when I left here three years ago I owed over \$1,600.00 of debts here that I could not pay, but have paid them since I went to Wyoming. I am only telling you this to encourage you to come. We have good schools, good churches, good water and climate, and as good people as you can find anywhere. I have land I can sell from \$15.00 per acre up to \$50.00 per acre. Close to two good railroads. Have got a 2,400 acre ranch at \$25.00 per acre that is sure a bargain.

Now the first reason I want you to come to Wyoming is, because if you come and buy a farm I get a small commission out of it, but that is not the best reason. I know I will be doing you a favor and know you will always be glad you come. Now, in case some stranger to me should read this ad. I will give you as reference some of the best men in Nodaway County or any other county. In Parnell, James Barber, W. N. Morgan, C. C. Evans, A. J. Roof, Bill Jackson; Ravenwood, Mo., S. E. Wells, and V. O. Hunt; Barnard, Mo., George Cole, banker; Gaynor City, Mo., Charlie Lewis; Sheridan, Mo., C. C. Hall; Hopkins, Mo., Albert Mutti; Maryville, Mo., Nathaniel Sisson, U. S. Wright, Henry Wright, James Robinson. For any information about this county, if you can't see me when I am here, write me at Carpenter, Wyo. I took three men out with me two weeks ago and sold all three a farm. Would be glad to have you talk to any of these men: Cecil Talkington of Parnell or Elmer Talkington and Pete Mumford of Bedford, Iowa. We raise corn, wheat, oats, barley, rye, speltz, flax, millet, cane and potatoes, alfalfa and good gardens. Poultry of all kinds do well. Stock of all kinds do well, especially hogs, as hog cholera is unknown.

The only way you can realize what a good county we have is to come and see it. For further information, write—

Frank Bebb, Carpenter, Wyoming

To Avoid and Relieve Influenza

By DR. FRANKLIN DUANE

Many people have been frightened by what they have read or heard of influenza. The more you fear the disease the surer you are to get it. Go right about your business and forget it. As the disease is spread principally by contact thru sneezing, coughing or spitting, many health authorities have advised that everyone wear a gauze, which is daily washed and saturated with a one to five hundred solution of zinc sulphate in water, and then dried before wearing over the nose and mouth. You should avoid crowds, common drinking cups and public towels. Keep your strength up by taking lots of exercise in the open air and plenty of nourishing food.

If you have any of such symptoms as chilliness, nasal obstructions, flushed face, headache, feverishness, restlessness, weakness, or irritating cough, give up work at once and go to bed. This will save you strength to help overcome the disease. Put your feet in hot water for fifteen minutes. Thoroughly loosen the bowels with some such mild and non-irritating physics as Dr. Pierce's Pleasant Pellets. Drink principally of hot lemonade and then cover up with plenty of clothes in bed

so as to get a good sweat. When sweating is free and the fever reduced take a dose of Anurie Tablets every four hours, followed by drinking at least a glass or two of hot water. Anurie Tablets help quickly to relieve the soreness of the muscles and bones from which most patients complain and help the kidneys flush out the poisons.

To relieve nasal obstructions and excessive discharge from the nose, probably nothing is better than such a mild, soothing, antiseptic wash as Dr. Sage's Catarrh Remedy. It will give great relief. Employed as a gargle, in same strength as made up for use in the nose, and as hot as can be borne, it quickly arrests soreness and dryness in the throat.

Influenza weakens the patient's resistance to disease, so that there is danger of bronchitis and pneumonia developing. To combat this tendency and fortify the patient's strength insist that he keep in bed at least two days. Probably nothing will at this stage hasten the recovery and strengthen the patient more than an iron-ionic tablet called "Ironie" or that well known herbal tonic, Dr. Pierce's Golden Medical Discovery, which has been used by thousands in the past two generations. ENFORCE THE QUARANTINE.

Maryville has been closed five weeks in an effort to check the influenza epidemic. Quarantine orders have been issued but have not been enforced and the situation today has called for a tightening of the lid. Maryville will be able to check the influenza whenever the physicians and members of the health board make the health rules effective.

When physicians report every case of contagious disease to the city physician.

When the health board orders a strict quarantine, including putting up a sign, at every house where a case is confined.

A strict quarantine means that persons who come in contact with patients having the disease be required to remain away from others and NOT appear on the streets.

The regulations provide that not more than twenty persons may gather at one time in any one place. No effort has been made to enforce this rule.

The means of prevention are simple and effective.

Results will be apparent when they are enforced. Not before.

WITH VICTORY BOYS AND GIRLS

\$360 Has Been Reported by Maryville Workers.—Some Ways in Which Children Can Earn Money.

The Victory Boys and Girls are doing great work in aiding the United War Work Fund drive this week and reports from Maryville today show a total of \$360 contributed. St. Mary's parish with a quota of \$115 has gone over the top as has St. Patrick's parish with their quota of \$120. A report from Moxingo Valley school shows seven pledges amounting to \$26 paid. With the school closed and the teacher away Doyle Moore has been appointed captain in charge of the work of this school district.

Gathered from reports of their activities in many parts of the country, are some of the ways in which boys have busied themselves to earn the required \$5: Digging gardens, planting bulbs, sawing and cutting wood, raising pigs and squabs, beating carpets and rugs, varnishing chairs, mowing and raking lawns and cleaning yards, waxing floors, painting and putting away screens, sifting and dumping ashes, washing windows, cleaning cellars, barns and attics, decorating show windows, making needed household articles, etc., etc.

Some of the ways in which girls can earn \$5: Caring for children, washing dishes, cleaning silver, knitting, making simple garments for sale, Saturday work in stores, sale of Christmas cards, canning and preserving, sale of butter, eggs, poultry and vegetables, mending, running errands, typewriting, tutoring, self denial fund from allowances.

ENVIALE RED CROSS RECORD

Col. M. P. Gross Auctioneer Has Raised \$250,000 Since January 1.

Col. M. P. Gross, well known auctioneer of Kansas City, who cried the F. C. Barber & Son Shorthorn sale yesterday, has a record as a Red Cross worker of which he is proud. Gross has raised \$250,000 for the Red Cross since January 1, the sum having been given by buyers at stock sales. Col. Gross make \$1 a week to make an address at the close or previous to every sale, asking for funds. In addition he has given twenty-five per cent of his salary to the Red Cross. He receives \$100 a day and averages five sales a week.

Angus to Kansas City.

C. D. & E. F. Caldwell of Burlington Junction, sent their herd of Aberdeen-Angus cattle to Kansas City this week, where they will be shown at the American Royal Live Stock Show. This herd is the best ever exhibited by Caldwells, winning the bulk of premiums this season wherever shown. The herd will finish the circuit at the International in Chicago. It is in charge of that veteran herdsman, Bob Johnson, and four assistants.

TIGHTEN 'FLU' LID

ALL STORES ORDERED TO CLOSE
AT 7 O'CLOCK

TAKE DRASTIC MEANS

Following Meeting of Health Board
Last Night, Notice Is Given Strict
Observance Must Be Had.

With a number of new cases of influenza being reported in the past twenty-four hours the closing lid is again tightened down in a further effort to check the epidemic. Following a meeting of members of the health board and physicians last night it was decided to try more drastic methods and until next Thursday night the closing order will be enforced in every line of business, all stores to close at seven o'clock.

The health board gives notice to physicians and others of the need for stricter observance of quarantine regulations and will require report of every case of contagious disease in the city. The city physician will be required to carry out the quarantine regulations regarding persons coming in contact with the disease appearing on the streets and with keeping persons from entering houses where there are influenza patients.

Pool halls have been ordered closed, together with all other places where crowds are wont to congregate. The ban will continue in force for the schools, churches, picture shows.

It was the order of the board that the ban remain on until next Thursday night. Should there be an improvement in conditions, however, before that time, and it being deemed safe, the ban will be lifted.

The notice of the health board governing the influenza quarantine will be found in another column in this issue of the Democrat-Forum.

EX-KAISER TO SETTLE DOWN

Will Buy a Farm in Holland.—Thinks the Climate There Will Be Healthful.—Makes Statement.

London, Nov. 15.—Holland will permit William Hohenzollern to remain on Dutch soil on the same terms of internment as other high officers of the German army. He has taken the name of Count William Hohenzollern and is expected to buy an estate and remain in Holland according to an Amsterdam dispatch to the Exchange Telegraph company.

The Telegraaf of Amsterdam says that he was allowed to take only his personal property from his train, the non-personal property which was brot to Holland being confiscated as is usual in internment cases. Recent dispatches have stated that the former emperor had taken a carload of archives with him into Holland.

A published statement which the former German emperor wishes to be regarded as his reason for going to Holland, says that the journey was not a flight, according to an Amsterdam dispatch to the Daily Telegraph. His departure from Germany was actuated by a desire to facilitate the work of the new government by ridding it of an embarrassment his presence in Germany might cause. Such an attempt to make him the center of a royalist agitation.

NO 4-IB. SUGAR RULE HERE YET

New Regulations Do Not Affect Missouri, But Modifications Are Expected.

Modification of the stringent sugar rules may be expected from now on, it was announced today at the office of F. P. Robinson, county food administrator. The domestic consumers, restaurants and hotels will be kept at present on the three pounds a month basis. A survey of the supply throughout the state must be made before the individual allowance is increased to four pounds a month or more, it was said. An increase may be expected soon, however, when the supply on hand warrants. The federal administration increased yesterday the allowance of sugar to domestic consumers in sugar-producing territory, but this order is not construed by the local administration to include Missouri.

Hopkins Visitor Here.

Miss Sara McMaster of Hopkins, came to Maryville last night to spend the night with Miss Florence Farrell. There are twenty-five in the list with Miss Bertha Tobin, captain.

Funeral Services for Francis Matheny
To Be Held at Barnard Methodist
Church This Afternoon.

Funeral services for Francis O. Matheny, a son of Mr. and Mrs. O. C. Matheny of Barnard, who died at 4 o'clock yesterday morning at a hospital in St. Joseph, were held at the Methodist church, North, of Barnard, at 2:30 o'clock this afternoon. The services were conducted by the pastor the Rev. Arthur S. Olson.

Francis was 15 years old. He had been ill with appendicitis for several weeks and during that time had undergone two operations.

ANOTHER ELECTION

VOTE NEXT WEDNESDAY FOR RED
CROSS EXECUTIVE COMMITTEE

27 NAMES ARE ON TICKET

Judges Are Named for the Various
Townships.—Voters Must Be
Members in Good Standing.

Nodaway county will hold an election next Wednesday, but the successful candidates will not go to Congress, the state legislature or into county offices. They will be entrusted with the responsible duty of administering the affairs of the Nodaway County chapter of the American Red Cross.

The election will be conducted in every township in the county, the votes being cast at each local headquarters. The nominating committee has submitted a list of twenty-seven names to comprise the ticket. Of these the seven receiving the largest number of votes will compose the executive committee of the chapter. All ballots must be signed by the voter, who must be a member in good standing in the Red Cross.

Following is the ticket:

Dr. A. D. Barnett, Guilford, Mo.
Mr. H. J. Berg, Conception Junction, Mo.
Mr. C. W. Goodson, Ravenwood, Mo.
Mr. H. C. Gooden, Parnell, Mo.

TWO MORE PLEDGES

St. Patrick's Victory Girls Add Names
To War Relief Helpers.

The Victory Girls of St. Patrick's parish, who have gone over the top with their pledges to the United War Workers Fund, have added two more names to the list. They are Miss Golda Pope and Miss Florence Farrell. There are twenty-five in the list with Miss Bertha Tobin, captain.

WE'LL REACH GOAL

BUT THOSE WHO HAVE NOT BEEN
SEEN MUST DO THEIR PART

NODAWAY ONE OF FIRST

District and County Workers Are Anxious
to Put This County at the
Top of the List Next Monday.

From reports received by S. G. Gillam, district chairman, from C. E. Donlin, county chairman of Nodaway county, and from all of the chairmen of the townships of the county, it seems that the county will reach the goal set in the United War Work drive. This is assuming that the people who have not yet been seen will do their part, and that some who have contributed under the impression that a smaller sum was all that was needed from them, will raise their contribution to the necessary amount representing their fair part.

The influenza which has prevented public gatherings and which has made it impossible to solicit a number of people throughout the county, has rendered the work much more difficult than it would have been otherwise, and has deprived the solicitors of some subscriptions which would have otherwise been made. The great majority of the people are responding in a manner which is every gratifying and pleasing to the solicitors and others in charge of the work, and it is felt that when the work is over, the people of Nodaway county will have reason to feel very proud of themselves.

District Chairman Gillam was at the state headquarters in St. Louis yesterday and from information he received, he believes that Nodaway county is going to be one of the first, if not the first, to reach its goal, and he further believes that District No. One will be the first of the districts to subscribe its quota, although from reports at headquarters, the work is progressing very satisfactorily throughout most of the state.

HEALTH PROCLAMATION.

By order of the Board of Health of the city of Maryville, Missouri, all physicians or other persons treating or called or requested to prescribe for, examine or treat any person in said city of Maryville, who has, or that such physician or person has good reason to believe has or is affected with the disease called influenza or Spanish influenza in any stage, however light, shall immediately report the same to the Mayor of said city, giving name and residence of such person so affected and such other information in regard thereto as may be required by the Mayor, City Physician or Board of Health. All physicians or other person who shall examine, prescribe for or treat any person who has or who is suspected or having said disease of influenza shall immediately cause to be taken such steps as shall be sufficient to isolate such afflicted person and prevent the disease being communicated to any other person, and report the same to the Mayor of said City of Maryville. Any other or different precautions deemed necessary by the Mayor or City Physician of said City of Maryville, or Board of Health shall be taken by such physician or person prescribing for or treating such afflicted person.

No quarantine regulations shall be raised or taken off of any person or premises until a physician attending the afflicted person or persons shall report in writing to the Mayor of said City that all such persons have sufficiently recovered from said disease that such disease is no longer contagious, and not then until the City Physician of said City of Maryville shall so order or direct.

NO MORE QUESTIONNAIRES.

Draft Board Gets Order Regarding Registrants—To Classify 18-year-old Men.

Orders were received at the draft board today instructing that no more questionnaires be sent out until further notice. All questionnaires, except those to men in the eighteen year old class, must be returned unexecuted. All men in the 18-year-old class will be classified until the list is exhausted.

M. H. S. - SAVANNAH LINE UP

Maryville Goes Into the Game This Afternoon in Fairly Good Shape.—
A Hot Game in Sight.

Despite the fact that the "flu" has hindered football practice to some extent the M. H. S. team is "rarin' to go" this afternoon in the game with Savannah. Two of the regulars, Campbell and Robinson will not be in the game, their places being filled by men who bid fair to hold them. The status of the team is at present better than it has been at any time during the season. A number of minor injuries have been overcome by strenuous practice and to see the fight put up by the Red and White team reminds one of real "Varsity" push. The thing the team needs most is support from the side lines. The old slogan is "everybody loves a winner," and only the real fan can love a loser. The percentage is still 1,000.

Following is the line-up for this afternoon's game: French and Williams, ends; Miller and Partridge, tackles; Holt and Boatman, guards; Houchins, center; Pierpoint, quarter; DeArmord and J. Price half backs; Foreman, full-back, with Campbell, Robinson, H. Price, Allan and Kirby impatiently waiting to go in.

BLUE STAR TURNS TO GOLD

Rolla Dix, Son of Mrs. Sarah Dix of
Burlington Junction, Dies in
Hospital in France.

Rolla Dix, a Nodaway county boy, died Oct. 14, with pneumonia in a hospital in France. Young Dix entered military service at Camp Dodge, Des Moines, Iowa, and was sent to France several months ago. He has a brother, John Dix, in active service in France.

The deceased is the son of Mrs. Sarah Dix of Burlington Junction. Besides his mother and the brother in France, young Dix is survived by three other brothers, Alfred, Elmer and Ira, all living at Burlington Junction. Mrs. Dix received official word of her son's death yesterday.

Hurry to Bring Men Back.

Washington, Nov. 15.—Everything possible will be done by Secretary Baker to expedite the return to this country of the men in the American Expeditionary Forces, the secretary so informed General Pershing today.

Transfer Missouri Troops.

Fort Worth, Nov. 15.—Orders have been issued here to transfer 4,000 Missourians, principally from St. Louis and Kansas City to the replacement garrison at Camp McArthur, Waco.

Mrs. J. H. Mathes of Siloam Springs, Ark., arrived Tuesday to spend the winter with her daughter, Mrs. W. H. Campbell of 319 South Main street, Texas.

CARRYING OUT
ARMISTICE TERMS

FRENCH, BRITISH AND AMERICAN
MISSIONS ARRIVE AT SPA
TOMORROW.

BELGIAN TROOPS ARE
ORDERED TO ANTWERP

Dutch Government Has Interned Ex-Kaiser in Amerongen Castle
Under Triple Guard of Troops.
American Airmen in Cologne.

London, Nov. 15.—French, British and American military missions will leave for Spa, the seat of the German army headquarters on November 16, said a French wireless dispatch today. The American mission will contain six officers and nineteen soldiers and will be headed by General Rhodes.

London, Nov. 15.—Belgian troops were ordered to march upon Antwerp this morning and to occupy the city, said a French wireless dispatch.

London, Nov. 15.—The German warship Koenigsberg with armistice delegates from the revolutionary faction aboard was met by British warships this afternoon and was escorted to a certain point at sea where Admiral Beatty of the British navy received the German delegates' proposals for carrying out the terms of the armistice.

Paris, Nov. 15.—When Marshal Foch enters Metz and Strassburg Sunday, he will take possession of the fortress in the name of the Allies. President Poincaré and Premier Clemenceau of France, together with ministers from other countries will be present.

London, Nov. 15.—General Debeny has complained that no information from the Germans about the location of explosives bearing time fuses has been received, although armistice conditions called for such information. An American airman landed at Cologne, Germany, said an Exchange Telegraph dispatch from Copenhagen today. Cologne is in the Rhine valley forty-eight miles east of the Belgium border and is an important railway center.

The Dutch government has interned the former German Kaiser at Amerongen castle which is under a triple guard of troops, said a dispatch from the Hague today to the Daily Mail.

Washington, Nov. 15.—"Watchful waiting, but well convinced that conditions will be satisfactory." That was the condition of the United States government today so far as officials were concerned. There were many outstanding possibilities, but they actually were only possibilities. President Wilson was well satisfied the conditions of the armistice would be carried out. While officials made it very plain that conditions of the armistice had been violated, but pointed out that the violations in no way meant that there would be any resumption of hostilities. This is due to the fact that the German high command has been unable to stamp out vandalism and outrages at a moment's notice.

Wilson Has Narrow Escape.

Washington, Nov. 15.—President Wilson had a narrow escape from death, or at least serious injury today when he stood directly in the path of a huge Handley-Page bombing airplane which was making a landing. The pilot, by quick and skillful maneuvering brot the plane up again and passed over the President's head, missing him by not more than eight feet.

Seek Marshall's Appointment.

Washington, Nov. 15.—A strong movement among Democratic senators to secure the appointment of Vice President Marshall on the American delegation to the peace conference developed today. Mr. Marshall has not been consulted, but if he is named by the President it is certain he would not decline to serve.

NEWS OF SOCIETY AND WOMEN'S CLUBS

Delightful Evening at Hawley Home.

Mr. and Mrs. Ben Hawley of Ravenwood entertained a large party of guests last night for the pleasure of their daughter, Sylvia. The evening was spent with games and music, and a delicious luncheon was served. Forty-five friends enjoyed the evening.

Welcome for Newly Weds.

Mr. and Mrs. Leslie R. Popham, whose marriage took place late in October at Troy, Kan., were given a welcome home shower last night at the home of the bride's parents, Mr. and Mrs. Marion Ripley, southwest of the city. The guests brought many shower gifts to the newly weds, and in addition, the entire company presented them a handsome chair as a wedding gift. Messrs. Leslie Popham and John Ripley furnished some delightful musical numbers. A two course supper was served and just before the guests departed, a large wedding cake was cut and served. The newly weds have been home a couple of weeks, but circumstances prevented their neighbors and friends from giving them a welcome until last night. Those in the party were Mr. and Mrs. Leslie Popham, Mr. and Mrs. Charles Warner and children, Wayne and Wilma, Mr. and Mrs. Chas. Crawford, Mr. and Mrs. Earl Barcus, Mr. and Mrs. Gordon Jones, Mr. and Mrs. Allen Neal, Mr. and Mrs. John Ripley, Mr. and Mrs. Marvin Kelley and children, Ira and Elizabeth, Mr. and Mrs. Emmett Bumby, Misses Ora Crawford, Birdie Popham, Leeta Ripley, Martha Ripley, Alma Ripley, Ida and Edna Thompson, Ella Barcus, Ruthene Ripley and Martha Ellsworth, Roy and Frank McNeal, John Ripley, Lee Landers, Ralph Caywood, Orva and Ralph Ripley.

MODIFY FUEL RULES

LIGHTLESS NIGHTS ORDER SUSPENDED TILL FURTHER NOTICE

STILL SAVE, HOWEVER

State Fuel Administration Points Out Need for Continued Co-Operation For Conservation.

In a letter to county fuel boards, fuel inspectors and others Wallace Crossley, fuel administrator for Missouri announces a modified action of the fuel and light regulations as follows:

"Effective Monday, Nov. 11, all restrictive rulings pertaining to lightless nights and all rulings relative to window and outdoor illumination have been suspended until further notice. In the State of Missouri. Local committees, mayors, managers of light plants, and others affected will please be governed accordingly.

"It is suggested, however, that there be no undue waste in lighting and I feel assured that the splendid co-operation heretofore extended by the public in conservation and efficiency in fuel consumption will be continued. We cannot afford the slightest demoralization or tendency toward inefficiency which might confuse or delay the government in its constructive program following the war, or cause undue suffering to the general public, occasioned by a long drawn out or severe winter.

"Telegraphic advices from the Federal Fuel Administration at Washington, received today, state that our organization, including the local committees, must be maintained, as possible falling off in the production of coal will make the distribution and conservation program vitally necessary this winter, adding, 'that responsibility' still rests upon every member of the Fuel Administration."

STOMACH UPSET?

Get at the Real Cause—Take Dr. Edwards' Olive Tablets

That's what thousands of stomach sufferers are doing now. Instead of taking tonics, or trying to patch up a poor digestion, they are attacking the real cause of the ailment—clogged liver and disordered bowels.

Dr. Edwards' Olive Tablets arouse the liver in a soothing, healing way. When the liver and bowels are performing their natural functions, away goes indigestion and stomach troubles.

If you have a bad taste in your mouth, tongue coated, appetite poor, lazy, don't-care feeling, no ambition or energy, troubled with undigested foods, you should take Olive Tablets, the substitute for calomel.

Dr. Edwards' Olive Tablets are a purely vegetable compound mixed with olive oil. You will know them by their olive color. They do the work without griping, cramps or pain.

Take one or two at bedtime for quick relief, so you can eat what you like. At 10c and 25c per box. All druggists.

Gives Second

Bridge Tea.

Mrs. Neil Somerville gave the second of a series of informal bridge teas this afternoon when she entertained twelve guests. A similar number were entertained yesterday afternoon and the high score favor was won by Mrs. W. A. Rickenbrode.

Elmore-Howden.

Announcement has been made of the marriage of Miss Lucile Elmore, a daughter of Mr. and Mrs. F. P. Elmore of Topeka, Kan., to Rollo R. Howden, of Skidmore. The marriage took place Sept. 21, at Kansas City, and the ceremony was read by Dr. Powell, pastor of the Central Avenue church. Mrs. Howden had been a student of Kansas university, Lawrence, Kan., for the past two years. The groom is the son of Mr. and Mrs. William Howden of Skidmore. He is in his junior year at the Kansas university and has been a member of the S. A. T. C. Last week with ten other men, Mr. Howden left for Camp Comfort, Va., where he was appointed to the officers' training

school for the coast artillery. His bride is with her parents at Topeka at present and will remain there until Mr. Howden's training course is finished or until they can choose a permanent residence.

Entertains in Honor of Son.

Mr. and Mrs. J. S. Horn entertained a number of the friends of their son, Loring, Wednesday night, to celebrate the young man's twenty-first birthday. The affair was arranged as a surprise and the evening was spent with music and games, the principal one of which was the making of a clip-shot book. Dean Partridge winning the prize. Those present were Mr. and Mrs. J. H. Neal, Mr. and Mrs. J. S. Horn, Misses Bessie Shrock, Bernice Shrock, Gladys Mae Horn, Ella Jane Horn, Mabel Irene Horn, Marie Horn, Esther and Pearl Neal and Louise Horn, Dean Partridge, Loring Horn, Harold Dowden, Harvey Dowden, Cleo Trusty, Gilbert Neal, Harold Neal and Irvin Horn.

What D. A. R. Is Doing for War Relief.

The charter of the Daughters of the American Revolution as a patriotic society was granted by act of incorporation by the 54th congress on Dec. 2, 1895, and as a society thus recognized they are required to report to the congress of the United States. Naturally one expects to find the 140,000 women which compose its membership

foremost in patriotic work for the nation. In April, 1917, being in session in Washington when the U. S. entered the war, the National Board of Management offered its services to the government.

Following are some of the war relief measures accomplished by the Daughters: During the first year they fitted with knitted garments all the men on more than 100 ocean-going war vessels; the D. A. R. in thirteen states have pledged themselves to furnish for the period of the war needed knitted garments to the crews of thirty-four battle ships; land owned by the D. A. R. in the City of Washington was given, free of all rent, for the use of the National Council of Defense, and they have finished sending thousands of bulletins containing war suggestions from other organizations. The Missouri Daughters, in addition to helping with all these activities, have given \$12,000 for the "Camp Mother" movement and contributed \$600 toward the restoration of the French village of Tilly. As an organization, they have purchased several hundred thousand dollars of Liberty bonds. The Maryville chapter has contributed to all of these war relief measures as well as helping in all Red Cross work, and they are justly proud of their record.

The alumni of Park College, Parkville, Mo., of whom there are quite a number in Maryville will be interested in learning that the late Mrs. Margaret Olivia Sage, the widow of Russell Sage, made a bequest of \$100,000 to Park College. Ten other colleges are left bequests of \$700,000 each. Mrs. Sage

was a school teacher for a number of years and made many gifts to schools during her lifetime.

CALDWELL HERD AT ROYAL

Champions and Grand Champions Will Compete with Other Great Herds From Many States.

Missouri will be heavily represented at the American Royal Live Stock Show this year, especially in the Aberdeen-Angus breeding classes. One of the greatest herds of America is located in this state in C. D. and E. F. Caldwell's herd at Burlington Junction. At Kansas City they meet the best in America at the leading live stock show in the Southwest. These are the cattle that have such a war and peace record, winning 15 out of 16 carcass grand championships over all breeds at the International show at Chicago. They also won 13 out of 16 carlot fat grand championships, 11 out of 14 steer herd grand championships, and 19 out of 16 single steer grand championships over all breeds.

Another peace point, our Aberdeen-Angus breeders take pride in is that the world's record steer, Muskegoe Boy, which sold for \$3.18 a pound for the Red Cross last March, was eaten by General Pershing and his staff last July just before the war tide turned and swept the Hohenzollerns out of a job. Naturally, the admirers of the "Doddies" claim that it was "Doddie" beef that put the "kick" into the Yanks when they turned the war around and started it back home.

Other great herds from Texas, Oklahoma, Kansas and Iowa will compete for honors at the big market city, though inter-breed competition is no longer the order of the day at the Royal. Hence, Shorthorn and Hereford breeders and feeders no longer fear the ranks of the Blacks at this show.

The fighting in the world war began with the invasion of Serbia by Austria. In western Europe it began with the unprovoked invasion of Belgium and France by Germany.

The total number of men who had registered for the American army up to the middle of October was 23,456,021. These figures do not include the registration for Porto Rico, Hawaii and Alaska.

The total of four liberty bond issues is nearly \$17,000,000,000. The total wealth of the United States is estimated at \$250,000,000,000. On this basis the war debt equals about 7 per cent of the total wealth.

Black American Fighters Took Queer Ways to Win War

Paris, (Via London).—Perhaps you would like to hear some anecdotes of America's valiant negro fighters that are being told up and down the British, French and American fronts in Yank camps.

Here are a few of the latest:

Sambo had landed in France with a frown on his face. When asked by his corporal why he was so quiet Sambo said:

"It's about dis heah war, dat's what I mean. Why should I be heah? I ain't got nothin' personal against the Gheemans. I don't believe I even talked with one in ma life. And I ain't no fightah. I never done no fighting, and I don't want to fight. What's moah, I tell you right heah and now I ain't to do no fighting. No sah, not this chicken, nevah."

"Dat's all right about you niggah," interrupted the corporal with a smile. "We's goin' to put you all up wheah they's fighting. Then and theah you can use your own discretion."

Two Alabama dinkies happened to meet in a French town for the first time since they were drafted.

"Lok heah, man," demanded one, after the first exchange of compliments. "How you all come to be in fantry? You done nothin' in youah life but be a stable boy and know all about hosses. Why ain't you in the cavalry?"

"None of dat hoss stuff for mine. I done thought it all out," responded the other. "When they blows dat bugle for retreat, man I ain't goin' to be bothered with no fool hoss!"

A burly Texas black scraper saw his first German in a camp of prisoners. He looked them over incredulously, with a look of great amazement shining out of his ebony face.

"You mean to tell me them measly boneheads is German?" he demanded. "Hand me a shovel man, an' let me in theah for two minutes!"

Elsie Janis, in her entertainments given before all the divisions on the British, French and American fronts, told this story:

A black doughboy from Texas was going over the top for the first time. He saw his friends outfitting themselves variously for the scrap, so he put down his gun and reached into his kit for his razor.

"This done be ma best tool in peace time. We'll see now just how cute I am with it," he announced confidently.

Over the top he went and soon encountered a German, at whom he made one swift pass.

"Never touched me, nigger," said the German scornfully. "Is dat so? Is dat so?" grinned the Eaxan back of the razor. "You just try to move youah hair!"

At one of the training camps a black regiment was being given practice with hand grenades.

"At one," said the captain, "you will pull the pin out of the bomb. When I call two you will move your arm back to the throwing position. At three throw the grenade carefully toward the enemy position. Follow my directions exactly and you are all right, but always bear in mind that the bomb goes off in five seconds after the

lever is released."

So they lined up and threw their bombs, but one had burst over the suppositious enemy trench at the captain's call of two.

"The man who throw that bomb — step here at once," he ordered angrily.

A half-bushed darky fumbled up before the captain.

"What do you mean by throwing before I gave the command?" demanded

"Well, it's like this, boss," stammered the premature bomber with a begging light in his eye. "You see, I done pulled that pin, just as you all said, but quick-like I felt dat bomb swellin' in ma hand, so I had to throw it, boss. Dat's how it was."

Then there is a story that "The Stars and Stripes" told in a recent issue about a negro transport at sea. One chocolate-colored Yank, who had never seen a larger body of water than a creek, was so depressed by the apparent size of the ocean that he refused to look at it after the fourth day out.

Suddenly he was called by a friend. "What you want?" he answered dully from his berth. "Oh, there's a sailing ship goin' by. Come see the sailing ship."

"Look heah, nigger," came in more determined tones from the cabin. "I'm goin' to light into you with youah sailing boat and whales. You call me when you see a tree, as I done told you, and foh nothin' more. Understand?"

Mayor 18 Years—Resigns.

St. Clairsville, O., Nov. 15.—Simon B. Luley has resigned as mayor of Miltonburg near here, after holding the office for eighteen years. He is 88 years old and thinks that he is getting a "little bit along in years to hold down a job."

Probably a record without parallel is that of Antonio Mango, a soldier of the Italian army, who has received no fewer than 101 wounds in the war.

Church authorities in Berlin bemoan the steady decrease in the number of worshippers. In four years nearly 12,000 persons, who could have remained if they wished, have withdrawn their memberships from both Protestant and Catholic churches.

No "Fourth Meal."

Patriots are not having fourth meals. Three meals a day are enough. A fourth meal uses some of the food that should be on its way across the Atlantic in cargo ships—food that this country has pledged itself to send.

When the country pledges itself, that means you. One way to keep the pledge is to stay away from afternoon tea, when you have had a good lunch and expect to have a good dinner a few hours later at home.

Other fourth meals are late suppers, church suppers, and sometimes banquets and club luncheons. When these meals take the place of the regular luncheon or dinner or supper there can be no objection to them as long as they follow the regulations of the Food Administration. In that case they are not a "fourth meal" but one of the three necessary daily meals.

If you belong to a club or church or society that is planning any kind of banquet or luncheon see to it that this meal is a third and not a fourth. The fourth is no more necessary than a fifth-wheel on a wagon.

Druggists Still Asked To Conserve Stocks of VapoRub Needed in "Flu" Districts

Influenza Epidemic Is Decreasing in Most Sections and the Demand Is Slackening, But We are Still 18,000 Gross Behind on Orders and It Will Take Some Time to Catch Up.

THREE MILLION JARS SHIPPED DURING OCTOBER.

On Monday, October 21, we addressed an advertisement to the wholesale and retail drug trade, advising that we were badly oversold, due to the influenza epidemic, stating that all deals and quantity shipments were postponed, and requesting that VapoRub be purchased in small lots only. This condition still prevails.

At this writing we have back orders for eighteen thousand (18,000) gross and our orders each day are double our daily output. The epidemic, however, is decreasing in most sections, the demand is slackening, and we are working night and day to catch up. In the meantime, we ask the trade to be patient with us.

ENORMOUS SHIPMENTS HAVE WIPED OUT EXCESS STOCKS.

On October 1 we had on hand at the factory and in twenty warehouses over the country a tremendous stock of VapoRub, accumulated during the summer months. This is now gone—we actually shipped during the month of October over three million jars of VapoRub. We are speeding up our factory as much as possible and the problem now is to distribute the factory's output as quickly as possible. We have, therefore, for the time being, abandoned freight shipments and are shipping either by Parcel Post or express—trying to give each jobber at least a little stock.

IMMEDIATE SHIPMENTS TO DRUGGISTS IN INFLUENZA DISTRICTS.

Preference is being given to those sections stricken by influenza. In order to reach these sections as quickly as can be, we are, during this emergency, making shipments by Parcel Post, direct, to the retail trade, of not more than three (3) dozen 50c size in any one shipment. We prefer that the jobbers order these shipments for their trade, but to save time we will, if the need is urgent, ship direct on receipt of check. Naturally, no new accounts can be opened during this rush.

SAMPLES AND INFLUENZA BOOKLETS FREE ON REQUEST.

We have prepared a little folder giving all the information available so far on Spanish Influenza—its origin—the symptoms and the treatment, and these will be forwarded to druggists on request. We will also be glad to mail

to any individual one of these booklets, together with a quarter ounce sample, free.

HOW TO USE VAPORUB IN TREATING SPANISH INFLUENZA.

In every case call a physician—VapoRub should be used only in connection with the physician's internal treatment.

Apply hot, wet cloths over the throat, chest and back between the shoulder blades to open the pores. Dry lightly and rub VapoRub well in until the skin is red—spread on thickly and cover with hot flannel cloths. Leave the bed, covering loose around the neck, as the body heat releases the ingredients in the form of vapors. These vapors, inhaled with each breath, stimulate the lining of the air passages to throw off the influenza germs. In case of head or chest cold, which often accompanies influenza, the vapors tend to keep the air passages open, loosen the phlegm and make the breathing easier. In addition, VapoRub is absorbed through and stimulates the skin, attracting the blood to the surface, and thus aids in relieving the congestion within.

HOW TO USE VICK'S VAPORUB AS A PREVENTIVE.

It is questionable if there is anything which will prevent Spanish influenza, except avoiding those persons who are spreading the disease by coughing, sneezing and spitting, and by keeping up the bodily resistance by plenty of good food and exercise in the open air. The Public Health Service recommends that the nasal passages be coated with a weak solution of Menthol in liquid petroleum as a protective. For this purpose VapoRub is excellent. Just put a small portion up each nostril from time to time during the day and sniff well back into the head.

KEEP FREE FROM COLDS BY INHALING VAPORUB.

Colds irritate the lining of the air passages and thus render them a much better breeding place for the germs. At the first signs of a cold use VapoRub at once. Melt a little in a spoon and inhale the vapors arising, or VapoRub can be used in a regular benzoin steam kettle, such as most druggists carry in stock. If this is not available, a very good substitute to use is an ordinary tea-kettle. Fill half full of boiling water—put in half a teaspoon of VapoRub from time to time—keep the kettle slowly boiling and inhale the steam arising.

Don't Let Catarrh Drag You into Consumption

Avoid Its Dangerous Stage.

There is a more serious stage of Catarrh than the annoyance caused by the stopped-up air passages, and the hawking and spitting and other distasteful features.

The real danger comes from the tendency of the disease to continue its course downward until the lungs become affected, and then dreaded consumption is on your path. Your own experience has taught you that the disease cannot be cured by

sprays, inhalers, atomizers, jellies and other local applications.

S. S. S. has proven a most satisfactory remedy for Catarrh because it goes direct to its source, and removes the germs of the disease from the blood. Get a bottle from your druggist today, and begin the only logical treatment that gives real results. You can obtain special medical advice without charge by writing to Medical Director, 27 Swift Laboratory, Atlanta, Ga.

When hostilities ceased the total strength of the American army was 3,764,677. Of that number 2,200,000 had been sent to France, Italy or Russia. The remainder were under arms in camps in this country.

CONSUME LESS FOOD; CONSERVE IN EVERYTHING

CONSERVATION PROGRAM FOR THIS YEAR IS DRIVE ON UNNECESSARY CONSUMPTION.

TASK STILL MORE DIFFICULT

General Reduction in Use of All Commodities Not So Easy as Con-serving Particular Thing.

Use less of all food; save all along the line. That, briefly, is the conservation program of the Food Administration for the coming year.

Last year there were wheatless days and meatless days, but this year the people of this country will not be asked to stop eating any particular food. The program will be one of a drive on unnecessary consumption waste.

To those who want to be told exactly what they should eat and what they shouldn't eat it may appear somewhat nebular to say the Food Administration wants them to reduce all food consumption to the minimum point of public health and strength. But the Food Administration is confident that such a program will be carried out.

Return to Old Principles.
"A program of this kind is a return to many of the principles enunciated a year ago and which have been more or less lost sight of in the attempts to substitute in order to gain first one position after another," said F. B. Mumford, Federal Food Administrator for Missouri. "A year ago the Food Administration asked the American people to reduce all unnecessary consumption and waste. We preached the gospel of the clean plate. And that is the gospel we want to get over in every household in Missouri this year. If we can get it over it will have a better total result than any plan of substitutions to fill specific programs."

"Mr. Hoover believes the housewife has got to the point of education on food questions that will enable us to tell her to use her own judgment and get along with as little as she can. He believes she will show more pride and more national service in it if she is given a general job to do than if everything were laid out to her step by step."

"The Food Administration is not letting down in the food program. This should be understood distinctly. It is asking more than ever before. It is easy enough for people to keep a meatless day; it is not so easy for people to reduce their consumption of meat. And we are going to ask for the difficult service and not for the easy one."

It is Mr. Hoover's opinion that if every man, woman and child in the United States tests every action every day and every hour by the one touchstone—does this or that contribute to the war?—Germany can be beaten in the great Allied campaign of the summer of 1919. Before next summer there is no prospect of a proper ending of the war, he believes.

What Must Be Accomplished.
To attain victory and "bring this dreadful business to an end," the following must be accomplished:

More than 3,500,000 fighting men must be placed in Europe; we must supply the greatest mechanical equipment ever given an army; we must provide ships for our army and, to do this, cut down our imports of sugar, coffee and tropical fruits; and we must keep the Allied population in ample food by shipping this year 1,050,000 tons more meats, fats, dairy products, etc., than last year, 3,600,000 tons more breadstuffs, 330,000 tons more sugar and 750,000 tons more feed grain.

Even this program means further self-denial of the Allies next year. They are making this sacrifice in the common cause, Mr. Hoover said. We must maintain health and strength among them, he declares, or they will be unable to put their full strength alongside our own in the supreme effort.

Less Consumption and Waste.
"We must secure a reduction in the consumption and waste in the two great groups of breadstuffs and meats and fats—in all breads and cereals, beef, pork, poultry, dairy and vegetable oil. The average consumption of our people of breadstuffs amounts to about six pounds a week, and of meats and fats to four pounds a week for each person. A reduction of consumption to less than one-half pound a week a person in each of these two great groups of foods would accomplish our purpose. We wish to emphasize, however, that we do not want curtailment in the use of milk for children."

"This is not rationing, a thing we will never have if our people continue to support us as in the past. We are simply making an appeal to the intelligence in the homes of America to work out for themselves the means and manner of saving."

Apple Possibilities.

The United States Food Administration reminds us that every fall apple has its possibilities for winter desserts or relishes and that none should be allowed to waste. Here are some recipes from the Food Administration:

CANNED BAKED APPLES.
Wash and core good, sound, tart baking apples. Fill the cavities with 1 tablespoon of sirup or honey for each apple. Bake the apples until tender in a pan containing a little water. Pack the baked apples into hot sterile jars, add the juice remaining in the pan. Fill the jars completely with a sirup made up by boiling together for 2

minutes, water and sirup in the proportion of 1 cup of water and ½ cup sirup. Seal the can.

CHIPPED APPLES OR PEARS.
Hard fruit (apples or pears) 8 lbs., sugar, 1 pound (2 cups); sirup, 3 lbs. (4 cups); Ginger root or crystallized ginger, 1 ounce; 3 lemons, 2 quarts of water.

Wash and prepare fruit. Weigh after it is prepared. Add sugar to sirup and water. Add lemon juice and chopped rind and fruit. Cook slowly until the fruit is tender and product is thick and dark.

APPLE OR CARROT CONSERVE
Carrots, ground or diced, 1 quart;

tart apples, diced, 1 quart; oranges, sliced, 2; sirup, 2 cups; salt.

Cook the carrots in sufficient water to cover them, until they are tender; do not drain them. Add the other ingredients, and cook the mixture until it is clear.

To Avoid and Relieve Influenza

By DR. FRANKLIN DUANE

Many people have been frightened by what they have read or heard of influenza. The more you fear the disease the surer you are to get it. Go right about your business and forget it. As the disease is spread principally by contact thru sneezing, coughing or spitting, many health authorities have advised that everyone wear a gauze, which is daily washed and saturated with a one to five hundred solution of zinc sulphate in water, and then dried before wearing over the nose and mouth. You should avoid crowds, common drinking cups and public towels. Keep your strength up by taking lots of exercise in the open air and plenty of nourishing food.

If you have any of such symptoms as chilliness, nasal obstructions, flushed face, headache, feverishness, restlessness, weakness, or irritating cough, give up work at once and go to bed. This will save you strength to help overcome the disease. Put your feet in hot water for fifteen minutes. Thoroughly loosen the bowels with some such mild and non-irritating physics as Dr. Pierce's Pleasant Pellets. Drink principally of hot lemonade and then cover up with plenty of clothes in bed

so as to get a good sweat. When sweating is free and the fever reduced take a dose of Anurie Tablets every four hours, followed by drinking at least a glass or two of hot water. Anurie Tablets help quickly to relieve the soreness of the muscles and bones from which most patients complain and help the kidneys flush out the poisons.

To relieve nasal obstructions and excessive discharge from the nose, probably nothing is better than such a mild, soothing, antiseptic wash as Dr. Sage's Catarrh Remedy. It will give great relief. Employed as a gargle, in same strength as made up for use in the nose, and as hot as can be borne, it quickly arrests soreness and dryness in the throat.

Influenza weakens the patient's resistance to disease, so that there is danger of bronchitis and pneumonia developing. To combat this tendency and fortify the patient's strength insist that he keep in bed at least two days. Probably nothing will at this stage hasten the recovery and strengthen the patient more than an iron-ionic tablet called "Ironie" or that well known herbal tonic, Dr. Pierce's Golden Medical Discovery, which has been used by thousands in the past two generations. Public Notice

To any person that wants to make more money, come to Wyoming and buy you a farm where the crop in one year will pay for the land and where one acre put in potatoes will pay for five acres at the present price; where you and your family will be healthy and you are sure to prosper if you work and try like you have to in Missouri. Now I know what I am saying, as I lived here in good old Missouri for 18 years and always tried hard to get us a home, but when I left here three years ago I owed over \$1,600.00 of debts here that I could not pay, but have paid them since I went to Wyoming. I am only telling you this to encourage you to come. We have good schools good churches, good water and climate, and as good people as you can find anywhere. I have land I can sell from \$15.00 per acre up to \$50.00 per acre. Close to two good railroads. Have got a 2,400 acre ranch at \$25.00 per acre that is sure a bargain.

Now the first reason I want you to come to Wyoming is, because if you come and buy a farm I get a small commission out of it, but that is not the best reason. I know I will be doing you a favor and know you will always be glad you come. Now, in case some stranger to me should read this ad. I will give you as reference some of the best men in Nodaway County or any other county. In Parnell, James Barber, W. N. Morgan, C. C. Evans, A. J. Roof, Bill Jackson; Ravenwood, Mo., S. E. Wells, and V. O. Hunt; Barnard, Mo., George Cole, banker; Gaynor City, Mo., Charlie Lewis; Sheridan, Mo., C. C. Hall; Hopkins, Mo., Albert Mutti; Maryville, Mo., Nathaniel Sisson, U. S. Wright, Henry Wright, James Robinson. For any information about this county, if you can't see me when I am here, write me at Carpenters, Wyo. I took three men out with me two weeks ago and sold all three a farm. Would be glad to have you talk to any of these men: Cecil Talkington of Parnell or Elmer Talkington and Pete Mumford of Bedford, Iowa. We raise corn, wheat, oats, barley, rye, speltz, flax, millet, cane and potatoes, alfalfa and good gardens. Poultry of all kinds do well. Stock of all kinds do well, especially hogs, as hog cholera is unknown.

The only way you can realize what a good county we have is to come and see it. For further information, write—

Frank Bebb, Carpenter, Wyoming
